

NUCOR CONTINUED EDUCATION ACCREDITED COURSES

Nucor is an AIA CES approved provider and a NCSEA Diamond Review provider for free continuing education courses online and on demand. In-person courses available upon request.

Construction Solutions

Our cross-functional team of specialists provides you with steel product expertise and tailor-made construction solutions from the early design stage to completion.

Connect with Construction Solutions to take advantage of Nucor's:

- **Partnership:** More than a steel producer, Nucor serves as your strategic, collaborative partner offering value engineering, market analytics and material studies for your sustainable and complex structures.
- **Domestic Supply Chain:** Nucor is North America's largest steel producer in North America and the only domestic producer of Aeos® ASTM A913 high-strength structural steel. Design with confidence knowing the steel products you need will be there on time, when you need them.
- **Breadth of Capabilities & Products:** With 300+ facilities across Canada, Mexico and the United States, we offer one of the largest portfolios of steel products in the market from rebar and insulated metal panels to structural steel and tube, and everything in between.

Our Current Catalog

* **Bolded course names** have AIA and NCSEA accreditation

CURRENT CATALOG			
Course Name	Course Number	Provider	Credits
Steel Joist Floor Systems	VVG002	AIA	1 LU HSW
Intro to Grating	VVG003	AIA	1 LU HSW
Steel Industry Insight and Design Tips from the Mill	CS002 / CS002D (on Demand) Course # 250345A	AIA NCSEA	1 LU 1.0 PDH
Introduction to Metal Building Systems	NBG001 Course #240345A	AIA NCSEA	1 LU 1.0 PDH
Metallurgy: How Steel Is Made	SKY001 / SKY001D (On Demand) Course #240645C	AIA NCSEA	1 LU 1.0 PDH
AEOS: A913 High-Strength Steel	CS003 / CS003D (On Demand) Course #240645E	AIA NCSEA	1 LU 1.0 PDH
Fasteners: Connecting Strength and Durability	FSN001 (on Demand)	AIA	1 LU
Steel Sustainability	CS001L / CS001D (on Demand) Course #211045I	AIA NCSEA	1 LU 1.0 PDH

CURRENT CATALOG (continued)

Course Name	Course Number	Provider	Credits
Specifying Charpy V-Notch (CVN) Tests for Structural Steel Shapes	CS006 (on Demand) Course # 260245B	AIA NCSEA	1 LU 1.0 PDH
Designing the Unusual, Together: Three Vulcraft Case Studies	VVG010-1 (on Demand) Course #260145A	AIA NCSEA	1 1.0 PDH
Designing with Insulated Metal Roof Panels	IMP015 (on Demand)	AIA	1 LU
How Optimizing the Design of a Multi-Story Warehouse Can Also Reduce Its Embodied Carbon	CS005 (on Demand) Course #251145J	AIA NCSEA	1 LU 1.0 PDH
Designing with Corrosion in Mind	CR001D (on Demand) Course #240745F	AIA NCSEA	1 1.0 PDH
Joists, Girders, and Decking: Practical Tips for Structural Steel	VVG007D (on Demand) Course #250645F	AIA NCSEA	1 1.0 PDH
